About Me

MERN Stack Developer with a track record of building responsive and efficient web applications. Proficient in modern web technologies and passionate about delivering scalable solutions. Currently focused on mastering **Next.js, PostgreSQL, and Prisma** for production-level applications, with plans to expand into **React Native** for mobile development.

SKILLS

- **Languages**: JavaScript, TypeScript, HTML, CSS
- **Frontend**: React, Redux, Tailwind CSS
- **Backend**: Node.js, Express.js
- **Database**: MongoDB
- **Tools**: Git, GitHub, Postman, Figma
- **Other Skills**: Responsive Web Design, RESTful APIs, WebSocket

Experience (PROJECTS)

Monke Delivers - Food Delivery App 🔗

- Built a dynamic food delivery platform utilizing Swiggy's API to fetch and display restaurant data, improving search efficiency by **40%**.
- Enhanced user experience with **Shimmer UI** for seamless loading and implemented toast notifications for better feedback.
- Designed and developed an advanced search feature using **React and Redux**, allowing users to filter restaurants by location, cuisine, and dishes.
- Delivered a **100% mobile-responsive UI** using Tailwind CSS, resulting in a **25% increase in mobile user retention**.

Brainly - Second Brain Web App 🔗

- Developed a productivity tool to save and categorize links (YouTube videos, tweets, documents), increasing user organization by **50%**.
- Built using **MERN Stack and TypeScript**, with secure user authentication and sharing functionality.
- Optimized the UI with **Tailwind CSS**, ensuring a clean and responsive design, which led to a **30% improvement in user engagement**.
- Streamlined data retrieval and management to enhance overall usability and retention rates.

Chat App 🔗

- Created a real-time chat application using **MERN Stack** and **TypeScript**, with WebSocket integration for instant messaging.
- A web app to save important links (YouTube videos, tweets, documents) for later access.
- Designed **unique username** validation feature for secure and efficient user interaction.
- Introduced group chat functionality with shareable room codes, leading to a **40% increase in collaborative user activity**.
- Developed a responsive React frontend that adapts seamlessly to all screen sizes, boosting mobile usability.

EDUCATION

Calcutta University

Bachelor of Commerce   2021 - 2024

West Bengal Council of Higher Secondary Education

Higher Secondary   2019 - 2021
